About Department

Today all over the world people have become highly economic minded. They have realized that the study of Economics can provide them a solution to their economic and social problems. Today Economic is more useful than any other branch of knowledge because it is important for providing people with valuable insight into how foreign & domestic markets operate, which allows them to make reasoned and rational Choices for short-term and long-term financial benefits. Economics applies to most aspects of everyday life. By studying Economics, you will examine topics of obvious importance of human well-being Economics is applicable in a wide range of fields, including. Business. Finance, Administrative, low, Local & National Government.

The department of Economics is started with establishment of college in 1999. Taking into account the unique role played by Economics study for development of human being and also in economic development of the nation. Economics can help reduce unemployment and it brings big improvement to the economic welfare. The institution has taken the remarkable decision to offer Economics as the optional subject for B.A. faculty.
