ACCESS TO VENUE

Hingoli is the District head-quarter in the Marathwada Region of Maharashtra State. Historically the city is well known for Saint Namdeo's Birth Place. Narsi (Namdeo) is 15 km. from Hingoli and well know 8th Jotirling of Aundha (Nagnath) is just 24 km. Lonar Lake is just 94 km. from Hingoli. It is well connected with rest of the state and country by roads and railways.

ABOUT CONFERENCE

Humans and the environment have been related since human existence on earth. Human and national development is totally dependent on the environment. Due to the selfish, greedy, excessive and consumerist tendencies of the human beings and for the purpose of achieving development goals, the environment is rapidly being degraded. The situation today is that if we do not understand the ethics of the environment, then perhaps the question of our existence will arise in the future and maintaining the balance of the environment is the need of the hour. Environment should be used for national development but at the same time it is our duty to protect the environment and conservation. The main purpose behind organizing this conference is that the need of environment conservation is the responsibility of the entire human society and to understand this responsibility, it is necessary to study the environment. In this national conference, teachers, experts, researchers and scholars of the country should come together to discuss the issues of environment and sustainable development and how sustainable development can be achieved on the basis of new complete environment-related research ideas and knowledge studies and it can contribute to the conservation of natural resources and encourage to the multidisciplinary research.
