### About The Department

*The Department of Psychology has been initiated in 1998. The main purpose of this department is to create awareness of psychological disorders in college students and society. Also motivate the college students and persons of the society to live a happy and quality life. so many challenges but we need to face challenges without stress and anger, that make responsible person of the society. The countless obstacles come in our life. These obstacles are never being constant; some obstacles make us physically and mentally strong and more confident to spread your wings to achieve dreams and goals. The psychology is a vital role in day today human life. People who study the psychology subject, their life become physically, mentally, socially economically & ethically very strong. If the people become mentally strong no one can stop them to achieve dreams and aims. The Department always focuses on the teaching, learning, evaluation and field work since its commencement. It has been improving the quality of student's life with joy and confidence.*
