About Department

Along with the establishment of the college, the sports department was started in the year 1998. The sports department is the soul of the college. This department operates as per the mission policy of the college. The department works according to the goals of this department. Since its inception, this department has been making the college famous. Although the college is in an urban area, the umbilical cord of the college is connected to the rural area. So, the player who plays is from the rural area. The player who plays in this section is from a poor family and from a village, so he plays for a lot of wages. So, the college supports such players. This includes providing sports kits, financial assistance for admission. A few years ago, a female athlete was injured while practicing for the Malkhamb competition in the sports department. The college faculty and staff helped the player with Rs 60,000 (sixty thousand) due to his poor financial situation. Various sports are practiced for the overall development of the players. In this, especially Kabaddi, Malakhamb, Wrestling, Basketball, Athletics, Chess games have given the sports department huge prizes. In Malkhamb sports, college players have been playing for the national level continuously since 2010. Due to this, the college became known as Malkhamb Sports College in the university. Physical Education Director of College Sports Department Prof. Dr. Gunaji Pandurang Nalge has been operating since 2003.

M.P.Ed., M.Phil., Ph.D. This qualification is held. He has mastered the sport of Kabaddi and Malkhamb. To raise the profile of the college and the sports department, players are constantly playing up to the national level in some sport or the other. This department works hard for that. So far, this department has won many medals, trophies and certificates in various sports. Players from rural areas still prefer this college for sports and competitions. The sports department is proud of his hard work. Constantly trying to make the name of the college legendary. The sports department is constantly working hard to help the players of this college to grow up playing, to be financially prosperous, to stand on their own feet. Many college players are doing their duty in Police, S.R.P.F., Forest, Army and many other fields. The sports department looks after the reputation of the college as it continues its streak of success. Also always strives to empower the players physically, mentally and intellectually. When a player comes out of college, he is prepared to live his life well and not need to stretch his hand in front of anyone. This section takes a lot of effort for the player and empowers the player. College graduates want to visit the sports department again and again. The success of the sports department lies in the success of the players.
