“Detailed Report on Employment Outcomes for BA Graduates (2018-2020)”

Introduction

This report provides a comprehensive overview of the employment outcomes for BA graduates from 2018 to 2020. It highlights the diverse career paths taken by these graduates, ranging from positions in the public sector, private enterprises, educational institutions, and entrepreneurial ventures. The data presented reflects the success and adaptability of graduates in securing positions that align with their qualifications and aspirations. This report aims to analyze the career trajectories of these graduates, offering insights into the types of employment they have pursued and the relevance of their academic background to their current roles.

Objectives

1. To identify and document the employment status of BA graduates from 2018 to 2020.
2. To analyze the diversity of job roles and sectors where these graduates are employed.
3. To assess the geographical distribution of employment opportunities secured by graduates.
4. To evaluate the relevance of the BA degree to the graduates' current employment.
5. To provide insights for future graduates on potential career paths and job opportunities.

Scope

The scope of this report covers BA graduates from the academic years 2018-2019 and 2019-2020. It includes detailed information about their current employment status, job roles, and the sectors they are employed in. The report also considers the geographical locations of their employment and the relevance of their academic qualifications to their current positions.

Principal

Shivaji College, Hingoli
Tq. Dist. Hingoli (MS)

Detailed Report on Employment Outcomes for BA Graduates (2022-2023)

Introduction

This report provides an in-depth analysis of the employment outcomes for Bachelor of Arts (BA) graduates from the academic year 2022-2023. The focus is on understanding the career paths chosen by these graduates and the relevance of their academic background in their current roles. The graduates have secured positions in various sectors, including public service, education, and utilities, reflecting the versatility and applicability of a BA degree in the job market. This report aims to document these outcomes and provide insights for current and future students.

Objectives

1. To document the employment status of BA graduates from the academic year 2022-2023.
2. To analyze the career sectors and roles occupied by these graduates.
3. To assess the geographical locations of the graduates' employment.
4. To evaluate the alignment between the BA degree and the graduates' job roles.
5. To provide guidance for future graduates on potential career paths and opportunities.

Scope

The scope of this report includes BA graduates from the academic year 2022-2023. It encompasses detailed information about their current employment, the sectors in which they are working, and the geographical distribution of these jobs. The report also examines the relevance of their BA degree in relation to their chosen careers and highlights the diverse opportunities available to graduates.
